HEALTHY HOME

- Front and Interior door hardware with Microban technology by Kwikset
- Low VOC paints by PPG Paints and durable low VOC wall to wall carpet by Shaw
- HVAC systems with Super V Air Filtration, designed to capture airborne particles less than a micron in size including bacteria, pet dander, and smoke
- Pentair SensaPro Water Treatment System
 - In addition to softening the water and providing efficiency 40% better than competitive brands, it will also remove / reduce many volatile organic chemicals (VOC), pesticides and herbicides, as well as chlorine, benzene, trihalomethane (THM) compounds, radon, solvents and hundreds of other man-made chemicals found in tap water.
 - In addition, densely compacted carbon block filters mechanically remove particles down to 0.5 micron, including Giardia and Cryptosporidium, turbidity and particulates. Some iron, manganese, and hydrogen sulfide will be removed as well
